FROM THE DESK OF VICE-CHANCELLOR

I am glad to present the Annual Report 2020-21 of the Central University of South Bihar (CUSB) for the period April 2020 to March 2021. After assuming the office on 26th July 2021, this is my first Annual Report, so the enthusiasm to share the achievements of the University has obviously increased many folds. The Annual Report incorporates the Academic and Co-curricular activities, achievements of the faculty members, research scholars, students and other happenings that took place during one year. Also, the University has witnessed growth and development in its infrastructure. Although the entire period remained challenging and gloomy due to outbreak of Covid-19 in March 2020 followed by countrywide lockdown, but we had transformed ourselves for conduct of academic activities. Taking inspiration from "Aapda me Avsar" the famous saying of Hon'ble Prime Minister Shri Narendra Modi, the University fraternity made itself acquainted to work in online mode very quickly. The classes, exams and other academic activities were conducted through virtual (online) mode by our experienced teachers and the students made it possible with their sincere participation. In the meanwhile, the National Education Policy (NEP) 2020, which outlines the vision of new education system of India, was approved by Union Cabinet on 29th July, 2020. It's a matter of great pleasure that CUSB welcomed the NEP-2020 proposal and in no time conducted scores of webinars to discuss its various aspects for successful implementation and amalgamation in the academic curriculum of the University. CUSB is going to fully adopt the NEP-2020 in its curriculum that would add more feathers into the academic journey of the University. I firmly believe in horizontal growth of the University and making its contribution in the nation building. In the coming times CUSB is surely going to make its position as one of the best institutions in the region for higher education and quality research. Covid-19 has surely created a dent in the smooth functioning of the University, but we are a team of dedicated professionals and looking ahead to move ahead in the direction of Academic Excellence with our motto "Collective Reasoning".

Prof. Kameshwar Nath Singh

MESSAGE OF REGISTRAR

As the member of editorial board of Annual Report 2020-21, I take the privilege to share the gist of the progress of the University in one-year period. April 2020 was the time when the country and world was fighting with deadly pandemic of Covid-19 locally named as 'Corona'. Since its establishment in 2009, CUSB always believed in delivering the best under any circumstance. Our principal belief propelled our minds and body to keep on going amidst the challenges of Covid-19. With the outbreak of Covid-19, in no time the Central University of South Bihar became functional on digital platform for doing administrative works and conducting academic activities. I praise each and every member of CUSB family for overcoming the hurdles put-forth by the Global pandemic, and keeping the Academic calendar rolling. Infrastructure development is another major parameter to measure the progress of any institution that was again a big challenge for us during this period. Quite gladly, on 17th September, 2020 the University signed a Memorandum of Understanding (MoU) worth in Rs. 116 crores with CPWD for the second phase of construction. As per the MoU, CPWD is supposed to build 64 staff quarters, 600 bed hostel, Central Library, Health Centre, Food Court, Small shopping centre and Animal House. All the constructed buildings should be fully furnished equipped with amenities like water supply, sewerage, electricity and connecting roads. The residential buildings (staff quarters) would have two blocks of G+7 type and there would be two hostel blocks 300-seater each. As per the Master plan CUSB is being developed as an Eco-friendly campus and fulfilling its commitment by planting around 17,000 trees within four years span since July 2017. For girl students of the University a special NCC (National Cadet Corps) Unit has been established and the NCC cadets have brought many laurels for themselves and University with the remarkable performances at national level competition organized by NCC Bihar – Jharkhand directorate. I am committed to deliver my best in the coming time with my team and wish for a bright future for the University.

Col. Rajiv Kumar Singh
