25.	M.A. in Hindi	LAQP02
26.	M.Ed.	COQP15
27.	LLM	COQP14
28.	M.P. Ed.	COQP18

Note:

In the programmes— (i) **M.Sc./M.A. in Statistics**, (ii) **M.Sc./M.A. in Data Science**, and (iii) **M.Sc. in Bioinformatics**—candidates were permitted to appear in more than one CUET (PG) Question Paper Code. Accordingly, for the purpose of admission, specific preferences among the Question Paper Codes shall be followed.

- For **M.Sc./M.A. in Statistics**, candidates who appeared in **SCQP27** or **SCQP19** or **SCQP09** shall be considered eligible. However, first preference shall be given to those with a CUET score in **SCQP27**. If seats remain vacant after admitting eligible candidates from SCQP27, those who appeared in SCQP19 or SCQP09 may be considered in order of merit.

P.T.O.

- For **M.Sc./M.A. in Data Science**, first preference will be given to candidates with a CUET score in **MTQP04**. If seats remain vacant, candidates with scores in **SCQP27** or **SCQP19** or **SCQP09** or **SCQP24** or **COQP10** may be considered in order of merit.
- For **M.Sc. in Bioinformatics**, first preference shall be given to candidates with a CUET score in **SCQP06**, followed by those with **SCQP17**, subject to availability of seats and in order of merit.

For all the above mentioned three programmes of studies, admission under the first-preference Question Paper Code (QPC) shall be made up to a minimum cut-off score, as determined by the concerned Departmental Admission Committee (DAC). If seats remain vacant beyond that **cut-off**, candidates from other eligible QPC may be considered in order of merit. Merely having appeared in the first-preference QPC does not guarantee admission, if the score is lower than the cut-off decided by concerned DAC. The Departmental Admission Committee is authorized to fix such minimum qualifying marks in the interest of academic standards.
