Safety and Security Advisory- For Students

1. As the CUSB campus is located outside the city, all students are advised to return to their homes, hostels, or rented accommodations **before nightfall to ensure their safety and security.**
2. Control rooms are operational at **Room No. 114, Ground Floor of the Admin Building**, and at the Main Gate Security to handle any untoward incidents. Deans, HoDs, and Chief Wardens are requested to inform students, teachers, and employees about the location and functioning of these control rooms to ensure awareness and preparedness.
3. The university has received assurance from police authorities of their full cooperation in maintaining law and order and ensuring a safe environment, particularly for women on campus.
4. Student volunteers will also assist the authorities in maintaining law and order, and upholding discipline within the campus and its surrounding areas.
5. For student safety, the following areas are restricted: rooftops of all buildings, construction sites, fish pond, rainwater reservoir pond, and dark areas during night hours, including the temple side, the road adjoining the guest house, hospital, staff quarters, mandir, and the road after the stadium towards the mandir and the areas specified time to time. Furthermore, students are also advised to avoid movement in the vulnerable and secluded areas adjoining localities like Kosma, Panchanpur and nearby villages. It is advisable to lock the helmet with your two wheelers.
